

We have exceeded ourselves with Sell&Send 2.0!

Sell&Send is the web tool designed to help online sellers easily manage shipments from e-commerce or Marketplace storefronts.

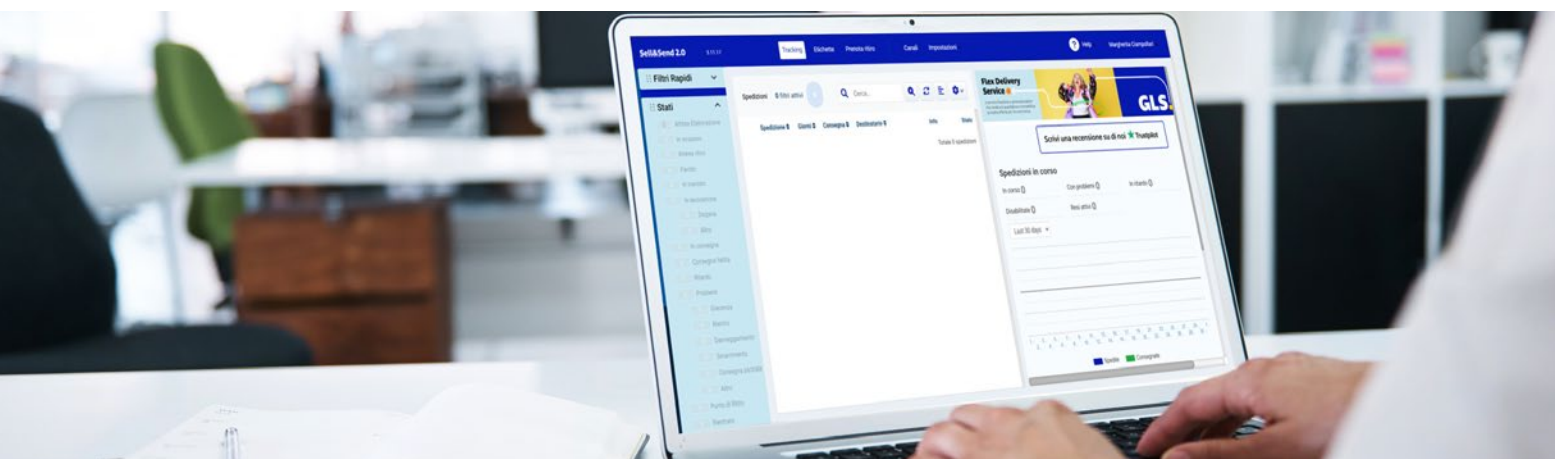

We have upgraded it to a 2.0 version today!

Sell&Send 2.0 is able to:

- Automatically import orders from different channels;
- Generate shipments and labels in just 3 clicks;
- Update your marketplaces with shipment data;

- Book pickups;
 - Generate quotes;
 - Send personalized notifications to your customers;
 - Monitor your shipments with automatic alerts and through an intuitive control panel.
- All this with a clear interface, accessible wherever you are and at any time.

But it doesn't end there: if you want to discover all the features of Sell&Send 2.0, and for any additional information, **contact the sales representative in your area!**
